

Free Washing Instructions printable for acrylic yarn items by Crochet Rox

Washing Instructions:

This yarn is acrylic and your item is machine washable. To wash scarves, hats, gloves and other smaller items, please first place the product in a lingerie bag, or a pillow case and tie shut. This will prevent the yarn from getting tangled around the agitator. Blankets can just be placed in as normal. Wash with your regular detergent and softener in cold water. Please, do not use chlorine bleach; it will destroy the yarn fibers. Dry in the dryer on low/medium heat.
